

THE LIVESTOCK COMFORT SPECIALIST

## Poly Brisket Board

Tongue and groove ends increase strength and stability

### Keep your livestock aligned and safe with our affordable Poly Brisket Board

Made from 1/4" / 6.35mm thick, super tough poly, the smooth, rounded surface protects dew claws and permits natural leg extension. The board won't splinter like wood, and is less expensive than poured-cement brisket boards. The special joint design-extruded tongue provides solid support and allows ends to join together as opposed to an overlap, for a tighter fit.

Dimensions: 4' L x 8.74" W x 5.63" H • 1.22m L x 22.2cm W x 14.3cm H  
Pallet Dimensions: 48" W x 40" L • 1.22m W x 1.02m L / 240 Boards per skid  
Weight: 7 lbs. each / 1,680 lbs. per skid
